Nathalie Pollard lectured last night before the Washington Society of Seekers After Spiritual Truth at the temple. She was costumed as Mui Qui, a Chinese princess, and told the story of China and its people in a way that won ap-plause. She punctured western civilization at frequent intervals. The lecturer was introduced by Mr. William C. Scribner, president of the society. Tonight Mrs. Pollard will lecture at the same place on the "Paris Exposition and World's Fairs," a subject that is of great in-terest at this time, and of which she is thoroughly competent to speak.

TUESDAY, OCTOBER 25.

Marks the completion of our eighth year in WASHINGTON,

Eight eventful, prosperous years, marked by a series of splendid successes. A plant of wonderful tenacity and luxurious growth, with staying powers so pronounced that the "Commercial Grave Digger" and his Lillipurian crew, in our case, at least, find their occupation gone.

Three months was the allotted time, but eight years

have passed and the finding of our "Commercial Grave" in this city is not even a remote possibility.

The whole-hearted support and generous patronage of the people of the District of Columbia and surrounding country placed us in this truly enviable position. We owe it all to them and shall endeavor by each and every one of you, that this is ANNIVERSARY WEEK,
